Total			274	88	3,578,608	3,578,608	\$ 6,303,993

Notes:

"Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale. The FIFO method works the same for short positions as for long positions but in the inverse—it matches "# of Twitter Posts" and "# of Discord Posts" represents the number of public Twitter posts and Discord messages, respectively, by a trader during the episode that either (i) have been alleged to be false by the DOJ or (ii) refer to DATS.

Notes:

- [1] "Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale. The FIFO method works the same for short positions as for long positions but in the inverse—it matches purchases against the earliest sale that has not already been covered.
- [2] There are a total of 22 allegedly false Twitter or Discord posts by Defendants or Sabo. There are an additional 409 Twitter or Discord posts, text messages, or direct messages that reference ticker DATS or were identified by the DOJ.
- [3] Green highlighted rows indicate BUY trades. Red highlighted rows indicate SELL trades. White highlighted rows indicate Tweet or Discord messages from the trader that are not flagged as allegedly false. Yellow highlighted rows indicate allegedly false Tweet and Discord messages from all defendants during the episode, as well as non-defendant Francis Sabo. Blue highlighted rows indicate text messages and direct messages identified by the DOJ.
- [4] "ET" is short for "Eastern Time", referring to the US time zone which, from the second Sunday in March to the first Sunday in November, is 4 hours behind Coordinated Universal Time ("UTC") and which, during the remainder of the year, is 5 hours behind UTC.

Notes:

- [1] "Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale.
- [2] There are a total of 11 allegedly false Twitter or Discord posts by Edward Constantin. There are an additional 244 Twitter or Discord posts, text messages, or direct messages that reference ticker DATS by Edward Constantin or which were identified by the DOJ.
- [3] Green highlighted rows indicate BUY trades. Red highlighted rows indicate SELL trades. White highlighted rows indicate Tweet or Discord messages from the trader that are not flagged as allegedly false. Yellow highlighted rows indicate allegedly false Tweet and Discord messages from the defendant during the episode. Blue highlighted rows indicate text messages and direct messages identified by the DOJ.
- [4] "ET" is short for "Eastern Time", referring to the US time zone which, from the second Sunday in March to the first Sunday in November, is 4 hours behind Coordinated Universal Time ("UTC") and which, during the remainder of the year, is 5 hours behind UTC.

Notes:

- [1] "Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale. The FIFO method works the same for short positions as for long positions but in the inverse—it matches purchases against the earliest sale that has not already been covered.
- [2] There are a total of 4 allegedly false Twitter or Discord posts by Tom Cooperman. There are an additional 65 Twitter or Discord posts, text messages, or direct messages that reference ticker DATS by Tom Cooperman or which were identified by the DOJ.
- [3] Green highlighted rows indicate BUY trades. Red highlighted rows indicate SELL trades. White highlighted rows indicate Tweet or Discord messages from the trader that are not flagged as allegedly false. Yellow highlighted rows indicate allegedly false Tweet and Discord messages from the defendant during the episode. Blue highlighted rows indicate text messages and direct messages identified by the DOJ.

Notes:

- [1] "Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale.
- [2] There are a total of 4 allegedly false Twitter or Discord posts by Stefan Hrvatin. There are an additional 32 Twitter or Discord posts, text messages, or direct messages that reference ticker DATS by Stefan Hrvatin or which were identified by the DOJ.
- [3] Green highlighted rows indicate BUY trades. Red highlighted rows indicate SELL trades. White highlighted rows indicate Tweet or Discord messages from the trader that are not flagged as allegedly false. Yellow highlighted rows indicate allegedly false Tweet and Discord messages from the defendant during the episode. Blue highlighted rows indicate text messages and direct messages identified by the DOJ.
- [4] "ET" is short for "Eastern Time", referring to the US time zone which, from the second Sunday in March to the first Sunday in November, is 4 hours behind Coordinated Universal Time ("UTC") and which, during the remainder of the year, is 5 hours behind UTC.

Notes:

- [1] "Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale.
- [2] There are no allegedly false Twitter or Discord posts by Daniel Knight. There are an additional 14 Twitter or Discord posts, text messages, or direct messages that reference ticker DATS by Daniel Knight or which were identified by the DOJ.
- [3] Green highlighted rows indicate BUY trades. Red highlighted rows indicate SELL trades. White highlighted rows indicate Tweet or Discord messages from the trader that are not flagged as allegedly false. Yellow highlighted rows indicate allegedly false Tweet and Discord messages from the defendant during the episode. Blue highlighted rows indicate text messages and direct messages identified by the DOJ.
- [4] "ET" is short for "Eastern Time", referring to the US time zone which, from the second Sunday in March to the first Sunday in November, is 4 hours behind Coordinated Universal Time ("UTC") and which, during the remainder of the year, is 5 hours behind UTC.

[99]	Matlock, Perry "PJ"	Twitter Post	10/13/2021	11:33:46 AM	@PitcherReyes @kingblehme @Miss_Deplorable @PJ_Matlock @MrZackMorris i wish i had a million shares of dats haha i dont even have that size account.					

Notes:

- [1] "Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale.
- [2] There is one allegedly false Twitter or Discord post by Perry "PJ" Matlock. There are an additional 28 Twitter or Discord posts, text messages, or direct messages that reference ticker DATS by Perry "PJ" Matlock or which were identified by the DOJ.
- [3] Green highlighted rows indicate BUY trades. Red highlighted rows indicate SELL trades. White highlighted rows indicate Tweet or Discord messages from the trader that are not flagged as allegedly false. Yellow highlighted rows indicate allegedly false Tweet and Discord messages from the defendant during the episode. Blue highlighted rows indicate text messages and direct messages identified by the DOJ.
- [4] "ET" is short for "Eastern Time", referring to the US time zone which, from the second Sunday in March to the first Sunday in November, is 4 hours behind Coordinated Universal Time ("UTC") and which, during the remainder of the year, is 5 hours behind UTC.

John Rybarczyk (@Ultra_Calls / Ultra#0374)
Trade, Tweet, Text, and Discord Activity in DATS between August 13, 2021 and October 26, 2021

#	Account Name	Activity	Date	Time	Side	No. Shares	Price (\$)	Volume (\$)	Total No. Shares	Profit (FIFO)
---	--------------	----------	------	------	------	------------	------------	-------------	------------------	---------------

Notes:

- [1] "Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale.
- [2] There are a total of 2 allegedly false Twitter or Discord posts by John Rybarczyk. There are an additional 21 Twitter or Discord posts, text messages, or direct messages that reference ticker DATS by John Rybarczyk or which were identified by the DOJ.
- [3] Green highlighted rows indicate BUY trades. Red highlighted rows indicate SELL trades. White highlighted rows indicate Tweet or Discord messages from the trader that are not flagged as allegedly false. Yellow highlighted rows indicate allegedly false Tweet and Discord messages from the defendant during the episode. Blue highlighted rows indicate text messages and direct messages identified by the DOJ.
- [4] "ET" is short for "Eastern Time", referring to the US time zone which, from the second Sunday in March to the first Sunday in November, is 4 hours behind Coordinated Universal Time ("UTC") and which, during the remainder of the year, is 5 hours behind UTC.

Notes:

- [1] "Profit (FIFO)" calculates a profit for every sale equal to the sale price minus the purchase price of the earliest-purchased shares not yet matched to a sale.
- [2] There are no allegedly false Twitter or Discord posts by Francis Sabo. There are an additional 41 Twitter or Discord posts, text messages, or direct messages that reference ticker DATS by Francis Sabo or which were identified by the DOJ.
- [3] Green highlighted rows indicate BUY trades. Red highlighted rows indicate SELL trades. White highlighted rows indicate Tweet or Discord messages from the trader that are not flagged as allegedly false. Yellow highlighted rows indicate allegedly false Tweet and Discord messages from the defendant during the episode. Blue highlighted rows indicate text messages and direct messages identified by the DOJ.
- [4] "ET" is short for "Eastern Time", referring to the US time zone which, from the second Sunday in March to the first Sunday in November, is 4 hours behind Coordinated Universal Time ("UTC") and which, during the remainder of the year, is 5 hours behind UTC.
